You can opt out of this if you do not wish for mentoring to take place at your facility or with your team.

Module Choices (Quest Plus only)

Module choices have to be received within the office at least 2 weeks prior to the assessment, they cannot be changed after this point. If they are not received by this time the modules will be automatically selected by the Quest office. These are as follows:

- Quest for Facilities
 - GPLUS11 Marketing, Research and Communications
 - GPLUS30 Safeguarding
 - SPLUS43 Financial Management and Performance
 - SPLUS48 Health and Safety Management

- Quest for Active Communities
 - GPLUS13 Engaging with Children 0-11 Years
 - GPLUS23 Engaging with Young People 12-19 Years
 - GPLUS25 Engaging with the Voluntary Sector
 - GPLUS30 Safeguarding
 - GPLUS31 Getting the Inactive Active

The following modules must be selected within 7 days of the team receiving your purchase order number, as they require assessors with specific training:

- GPLUS38 – Exercise Referral Standard
- GPLUS39 – Accessible Facilities
- SPLUS28 – Swim England Learn to Swim Accreditation

Access to Information

- Local Authorities in England have access to the Moving Communities platform where they can view Quest benchmarking data. If your Local Authority asks us to view your Quest reports, we will ask you for your permission via email; if we do not hear from you within 5 days, we will presume consent has been given.
- In advance of your Quest assessment, your assessor will be given access to selected data on the Moving Communities platform, including Social Value and Participation. No financial information will be shared with your assessor. Your assessor may use the information during various modules within Quest, to help with discussions at part of the continuous improvement journey.
- Please note, that if you select the Swim England Learn to Swim module as part of a Quest Plus assessment, your full Quest report will be shared with Swim England.

Please let the Quest Team know if you would prefer for Moving Communities to not share this data, or if you would prefer it if Swim England did not have access to your report.

Compliance Declaration

- The assessor will check all elements from the Essential Pre-Assessment section of the Compliance Declaration, and they may also check some of the other elements during the visit.
- If the required documentation is not available for any of the essential sections, this will result in an overall banding of “Suspended”. You then have 3 months from the date for your assessment to provide the required information to the Quest office, who will update your report and resend it with the updated banding, an extension can be given in extenuating circumstances.
- If you do not pass the Compliance Declaration within the agreed timeframe, you will remain a Quest customer, but will not be awarded Quest registration. We will then contact you at the point of your renewal. If you took part in a Quest Plus Assessment but did not pass the Compliance Declaration by the end of the agreed timeframe, your renewal assessment will be either a Quest or a Quest Plus, as you do not qualify for the Unannounced Directional Review.

Anniversary Date

The month that a facility or team have their first Quest assessment will become their anniversary date, which will mean the renewal of their registration will always fall on that date. If the second cycle or later assessment takes place later than the anniversary date, the anniversary date remains the same. For example:

- If a facility or team undergo a Quest assessment in May 2023, they will have an anniversary date of May 2024
- If a facility or team undergo a Plus assessment in May 2023, they will have an anniversary date of May 2025, but their Directional Review will be due in May 2024.

It is the facility and team’s responsibility to maintain their Quest registration. If a facility or team fail to go through their assessment in the month they are due they will be withdrawn from the Quest scheme.

In exceptional circumstances we do offer two options which allow a facility or a team to maintain their accreditation even if they are unable to go through in their anniversary month:

- The first option allows a facility or a team to delay their assessment by three months from their anniversary month. This needs to be agreed with the Quest office prior to their anniversary month. With this option the anniversary month does not change.

- The second option allows a facility or a team to pay for a freeze on their accreditation. They will remain Quest accredited but they can move their anniversary month to a more convenient time. The freeze costs £100 a month from their current anniversary date and be taken up to 12 months from the due month. Unless a freeze option is paid for a facility or team cannot delay for more than 3 months.
- We also offer an option for those that are changing contractors. To stay in the scheme the facility can defer their assessment for up to 6 months (from the date they take over the contract), but their renewal date remains the same.

Payment Terms

An assessment cannot be organised and confirmed until a purchase order number and application form have been received. An invoice will be sent before the assessment and must be paid before the end of the assessment dates. All invoices will be sent by and made payable to 4Global. Please contact finance@4global.com for any queries regarding your invoice.

Please note, the report will not be sent until payment has been received.

Cancellation and Postponement Policy:

We understand that in exceptional circumstances it may be necessary to postpone or cancel assessment dates. If an assessment has already been booked and needs to be cancelled or postponed, notice needs to be given in writing to the Quest office, and the following scale of charges will apply:

Notice Given	Postponement Fee *	Cancellation Fee *
0 - 7 days	75%	100%
8 - 14 days	50%	100%
15 - 30 days	25%	50%
31 + days		25%

* Fees are dependent on the assessment type and cost

- If the assessor has any expenses from the dates that they are unable to get refunded, these will also have to be passed on to the facility/team.
- If an assessment has to be cancelled during the day of the assessment due to operational issues the facility or team will be charged £695 plus assessor expenses for a full two-day Plus assessment and £395 plus assessor expenses for a one-day Quest assessment or one-day of a Quest Plus assessment.
- The Mystery Visit is carried out in advance of the Assessment (up to three months in advance) and in the event of a cancellation where the Mystery Visit has already gone ahead you will be invoiced for the cost of this (£495 plus VAT) and you will receive the Mystery Visit report.

Postponements:

- Postponed assessments must be booked within 3 months of the original assessment date
- The facility's current anniversary month will still apply
- If a purchase order for the postponement fee is not provided within 2 weeks, the charge is the full corresponding cancellation fee.
- If customer postpones after the invoice has been raised or 14 days or less from the confirmed assessment date, they will be asked to pay the invoice in full. When they rebook the postponed assessment, they will pay 50% or 75% of the fee, depending on when it was postponed.

We apologise we have to make these charges, but we will have costs that need to be covered if there is a cancellation or postponement.

If you are struggling to meet the date arranged, please ring the Quest office, not the Assessor unless it is the night before or on the day of the Assessment. Quest will only cancel an Assessment in the case of an emergency or unavoidable circumstance. Where possible, a different Assessor will be allocated.

Withdrawing from Quest

Unfortunately, there may come a time when a facility or team needs to withdraw from Quest. Please send written notification of your withdrawal through to the Quest Office. You will receive a letter confirming your withdrawal.

The date of withdrawal will depend on where you sit within your cycle when you send us notification.

If you do withdraw, we ask facilities and teams to remove all Quest Plaques and the Quest logos from their marketing, publicity material and from the facility. Due to trading standards regulations, it would be misleading to customers to infer that a facility or team has the Quest quality award, therefore should we find that logos are still being used at the facility or with a team, they may incur a written warning and potentially a fine of £500.

Appeals Process

If you wish to appeal against the result of your Quest Assessment, this must be done within two months of the facility or team receiving the report. Appeals can be made against the following:

- Content of report (Mystery Visit and Assessment)
- Overall Assessment Result.

The process is as follows:

- The appeal must be submitted in writing to the Quest Director – Caroline Constantine within 2 months of the facility or team receiving the report. Detailed information around why a facility or team is appealing must be included.
- The appeal and current report will be reviewed by the Quest Director and discussed with the Assessor.
- At this stage the following will happen:
 - Overturned, this will be discussed with the manager
 - The appeal will be upheld, and the report will be changed and re-sent
 - The facility/team will be re-assessed, this cost will be at the expense of the client
- The re-assessment will be conducted by a senior assessor. If changes are needed the report will be amended and re-sent.
- After a decision has been made by the Quest Director, further appeals can only be submitted in writing to Sport England. These should be sent to the Quest office who will forward them on to Sport England.

Complaints

If you wish to make a complaint, please contact a member of the Quest team either by phone or email. Please note if you wish to take your complaint further, we will require your comments in writing. Quest aims to respond within 10 days of any complaint.
